

UC 900 Series IP Phones

HTEK™, the new standard for quality and value in IP phones, introduces the UC900 series of IP phones for professional business use. All UC900 phones offer a modern design, crystal-clear sound thanks to their Texas Instruments® chipset, a full set of advanced features, and an industry-leading 2-year warranty. All phones feature a HD audio, a full-duplex speakerphone, two Ethernet Ports, five-way conference calling, and POE (power over Ethernet). The paperless design allows a full set of functions to be readily available at your fingertips. The series is designed to be compatible with a range of IP PBX systems, allowing easy auto-provisioning. The Htek U900 series delivers an advanced design and feature set with the quality and value demanding business customer can rely on.
